

Housing Rehabilitation Loan Program

Program Overview

The Brewster Select Board, working in conjunction with The Resource Inc., seeks applicants for a regional housing rehabilitation program. The funding is provided by the Massachusetts Executive Office of Housing & Livable Communities and allows a **0% interest, deferred, forgivable loan** to make critical repairs to your home. This program is designed to improve existing housing conditions of low and moderate income resident households by eliminating code violations. Eligible repair activities will include, but not be limited to, electrical, heating and plumbing work; minor structural repairs; roof and siding repairs; insulation and window replacement; lead paint and asbestos removal; and handicap accessibility improvements.

ELIGIBILITY

Preliminary eligibility is defined as an applicant meeting the initial eligibility requirements, as laid out in the pre-application, in order to qualify to begin the housing rehabilitation application process. Final eligibility is determined after the fully completed loan application and all supporting documentation is received, reviewed and accepted by the TRI Housing Rehab Program Manager.

Applicants: This program is offered to owner-occupied single-family/multi-family and investor-owned units in the Towns of Brewster, Dennis, and Wellfleet. If the structure is a single-family owner-occupied unit, the owner must meet income guidelines of low to moderate income. If the structure contains year-round rental units, at least 51% of all the households including rental units/renters must meet these income limits. The applicant must be the property owner of record for the proposed residential structure. *Please refer to the table for income levels based on household size.*

Family Size	1	2	3	4	5	6	7	8
Very Low Income	40,300	46,050	51,800	57,550	62,200	66,800	71,400	76,000
Low Income	64,450	73,650	82,850	92,050	99,450	106,800	114,150	121,550

CONSTRUCTION

Structures: The primary purpose of the deferred payment loan program is to bring deteriorated residential units into compliance with all applicable Federal, State and Local codes. To be eligible, a structure or portion thereof must be residential and contain one or more code violations. Note: All code violations must be corrected as a condition of participating in the TRI Housing Rehabilitation Program. A Housing Rehab Specialist will conduct a site visit and develop a detailed work write-up and cost estimate. The Housing Rehab Specialist will then review these items with the homeowner. NOTE: TRI Housing Rehabilitation Program is a moderate rehabilitation program. If upon completion of a site visit, detailed write-up and cost estimate, the Housing Rehab Specialist determines that the dollars needed far exceed program limits, the project can be deemed infeasible and funding denied.

FUNDING MECHANISM-DEFERRED PAYMENT LOANS

The TRI Housing Rehabilitation Program offers Deferred-Payment Loans (DPLs) to finance the rehabilitation of eligible projects. The maximum DPL is \$40,000 per unit to address code violations. An additional \$10,000 per unit is available when improvements include removal of lead paint or asbestos, making handicapped access, septic system replacement or historic requirements. The DPL is secured by a lien placed on the property for a period of 15 years. The interest rate is 0%. The DPL will be forgiven at a rate of 1/15th per year provided the property owner(s) are not in any way in default; therefore, Deferred-Payment Loans do not require monthly loan payments. If a property is sold or transferred within the 15-year period after rehabilitation completion, the funds will be recaptured on a prorated basis. After the 15-year recapture period expires, the loan is forgiven.

CDBG GRANT

Serving year-round LMI (low-moderate income) residents of
Brewster, Dennis, and Wellfleet MA

To be funded through a Community Development Block Grant (CDBG) from the
MA Executive Office of Housing and Livable Communities (EOHLC)

PRIORITIES OF THE PROGRAM ARE TO:

✿Correct and update health/safety issues, building envelope updates, energy efficiency upgrades, address
lead paint hazards in residences owned and occupied year-round by LMI residents✿

✿Improve the supply of affordable-rent units for year-round LMI tenants✿

Up to \$50,000 per unit is available for properties in Brewster, Dennis, and Wellfleet.

PROGRAM GUIDELINES

The TRI Housing Rehab Loan Program is funded through an annual Community Development Block Grant (CDBG) awarded by the MA Executive Office of Housing & Livable Communities (EOHLC) to help preserve existing housing stock for year-round residents of the Towns of Brewster, Dennis, and Wellfleet MA. The program addresses critical repairs on private homes, owner-occupied and investor-owned rental units - who income qualify according to LMI (low-moderate income) guidelines set by HUD (per income tables at the end of this document).

The Resource Inc. (TRI) is a non-profit agency that over the past few decades has been involved in the delivery of several grant rounds of CDBG Funds. This responsibility includes all implementation, monitoring, and reporting tasks according to EOHLC guidelines on behalf of the Grantee. The Town of Brewster is the lead grantee for the FY 2021 CDBG funds.

GRANT PRACTICES AND PRIORITIES:

It is part of the TRI's mandate to identify and solicit eligible applications from property owners in Brewster, Dennis, and Wellfleet MA. We do this through a variety of outreach initiatives, which include working with the active support of community partners in the participating towns.

Applications for loans are processed on a first come, first-served basis. Once qualified, a project may be assessed and ranked against other qualified applications in terms of code priorities; any emergency need takes priority (e.g., failed heating system in winter). On occasion, TRI must reject applications despite the presence of eligible work. Reasons for this may include: lack of program funds; conditions requiring substantial rehab beyond scope of the program; costs exceeding program limits; title issues; ineligible tenants; and factors that suggest the borrower may be unable to comply with the terms of the program.

I. PROPERTY GUIDELINES

A. Owner-Occupied Single-Family Units (Primary Residence)

1. Declining loans structured as mortgages are made to owner-occupied single-family units to cover essential upgrades on a primary residence. The declining loan is secured by a property lien recorded at the Barnstable County Registry of Deeds. This lien is removed by a mortgage discharge after 15 years of compliance by the borrower has passed; the loan balance declines by 1/15th in each year of compliance until it reaches zero.
2. Borrowers must hold title to the property (LMI life tenants may apply as long as owner agrees and signs).
3. All those named on a deed must agree to the loan by signing all legal documents even if they do not occupy the premises.
4. The maximum loan amount of \$50,000 is available to rehab dwellings only.
5. All loans are developed within a “moderate” rehabilitation framework for code, health, and safety upgrades.
6. Borrowers must meet LMI income guidelines set out in the chart below according to household size.
7. Borrowers whose property does not remain their primary residence throughout the loan term must either pay back the loan balance or rent the property to a LMI tenant year-round at a fair market rent set by HUD.
8. No penalties will be assigned provided borrowers remain in compliance and notify TRI of any changes of property status. (Participating Towns will document compliance annually, by letter, for the term.)
9. The borrower may sell the property during the 15-year term. Upon the sale or transfer of the property, the owner will repay the unforgiven portion of the loan. (Participating Towns allocate this income to community projects.)
10. Direct heirs may assume the loan and its obligations if title to the property transfers before term ends. They may live in the property, find eligible LMI year-round tenants for the property, or sell the property and pay back the remaining balance due.
11. On occasion, borrowers are permitted or may be required to provide a portion of total costs; such funds are the sole responsibility of the property owner and must be verified prior to loan approval.

B. Rental Units: Single, Multi--Family, or Accessory Units in a Single-Family Residence

1. Declining loans structured as mortgages are made to owners of units in existing buildings to be upgraded rental units that house LMI (low-moderate income) tenants year-round at fair market rents set by HUD.
2. The loan is secured by a property lien recorded at the Barnstable County Registry of Deeds. This lien is removed by a mortgage discharge after 15 years of compliance by the borrower has passed; the loan declines in each year of compliance by 1/15th until the balance reaches zero.
3. The 15-year deed restriction remains with the property for the full term of the loan. In the event of a sale, the buyer must assume the rental restriction on the property for the remainder of term of the loan.
4. Direct heirs may assume the loan and its obligations if title to the property transfers before term ends.
5. Properties with up to 7 rental unit(s) may be eligible for funding of up to \$50,000 per unit if they are not already deed restricted as “affordable.” Decisions on rental units are based on the

income of the owner and tenant(s) in the property, the degree of construction required, and availability of program funds.

6. Landlords who qualify within LMI guidelines are eligible to apply for loans which will cover 100% of the rehab costs.
7. Landlords who are determined to be “above income” may apply for loan covering up to 50% of the rehab costs; they must contribute the other 50%.
8. Landlords must have income-certified existing or prospective tenant(s) in order to qualify for a loan. TRI provides forms for certification; tenant selection otherwise is the sole responsibility of the landlord.
9. Participating Towns perform an annual audit by letter, including verification of tenants and rents, throughout the 15-year term of the loan. (Non-compliance by owner’s risks default penalties.)
10. Acquisition of zoning variances and special permits are the sole responsibility of the property owner.

II. HOUSING REHABILITATION LOAN TERMS

- A. Up to \$50,000 per owner-occupied or rental unit is conveyed in a declining Deferred Forgivable Loan (DFL) at 0% interest for a 15-year term, secured by a property lien recorded at the Barnstable County Registry of Deeds.
- B. The 0% DFL is forgiven (declines) by 1/15th annually, provided the borrower(s) remain in compliance. The entire loan is forgiven, and the recorded mortgage is discharged at term end.
- C. Loan-related costs are included in the DFL and are reflected in closing documents, including but not limited to recording fee, credit check, and lead inspection fees.
- D. A key aspect of this program is the ability to “leverage” funds to supplement funding by the TRI Housing Rehabilitation Loan Program. Cape Cod Five offers up to \$50,000 for loans at more competitive rates than otherwise offered. Other possible sources of leveraged funds include: property owner’s funds; Barnstable County Septic Loan Program; DOE’s Weatherization Program, “HEARTWAP” heating assistance program, Cape Light Compact, and Keyspan Energy programs all offered through Housing Assistance Corp; USDA Section 504 loan/grant program; and South Middlesex Opportunity Council’s Home Modification Program.

III. PROPERTY CODE, HEALTH AND SAFETY REPAIRS AND UPGRADES

The priority of the program is to correct all code violations, structural and sanitary; this includes deleading if circumstances require it. Within EOHLC guidelines, the program covers the repairing/upgrading of exterior items, including roofs, trim, gutters, entry doors, et al. Improving energy efficiency is also a key program goal. All repairs and upgrades must align with State, Federal and local building and safety codes and be approved according to State and local historic and environmental regulations. Some examples of typical rehabilitation work performed include: roof and siding replacement or repairs, window and door upgrades, well and septic replacements, weatherization and heating upgrades, electrical and plumbing upgrades, handicapped accessibility, and egress improvements.

Certain code deficiencies must be addressed regardless of client expectations if program funds are to be made available at all. These are determined in advance as part of an overall work plan agreed with the client. Typical small maintenance repairs, cosmetic upgrades and/or remodeling are not program-approved uses of CDBG funds.

IV. PROGRAM TECHNICAL ASSISTANCE ON PROJECT DEVELOPMENT AND IMPLEMENTATION

The TRI Housing Rehabilitation Loan Program develops and implements projects through the services of licensed and insured rehab specialists and general contractors who have registered their credentials, including excellent references, to the staff program manager. The housing rehab specialist inspects the property and prepares a work write-up based on code issues that are present, in consultation with the homeowner and within EOHLC budget limits. The work write-up is submitted to the homeowner for review and agreement before being sent out to bid by general contractors registered with the program. Once a project is under contract and construction, the TRI rehab specialist and program manager, or their designee, inspect the ongoing work through to completion of the project.

V. REQUIRED INCOME DOCUMENTATION

In addition to providing information requested on the application form, complete, accurate and up-to-date documentation of income is required of all applicants according to your particular circumstances.

We recommend that you read through completely the notes charted on page 4 to understand what is required. Please call the Program Manager with questions so that she can help you avoid unnecessary delays.

- ❖ *Income documentation is required for all members of the household 18+ years old and must be submitted before the TRI can perform the initial review.*
- ❖ *Provide photocopies of all documents, not originals.*
- ❖ *Some documentation requires notarization. Notaries can be found at most local banks and Town offices.*

Please return a fully completed, signed, and dated application form, including all information requested, along with the following valid documents:

Salaried income or Unemployment income - for all Household Members 18+ years old
<ol style="list-style-type: none">1. Pay stubs for most recent 8-week period for every member of your household working for an employer.2. 2. **Copies of signed 1040 Tax Returns** for tax years 2020 and 2021. Please include Schedule C if you are self-employed and/or Schedule E if you receive rental income.

3. **IRS Verification: “Tax Return Transcripts” for every adult for tax years 2020 and 2021:** You are responsible for obtaining your IRS Tax Return Transcripts for tax years 2020 and 2021. Please refer to the **3 Easy Options Guide** included in this packet. When ordering your Tax Return Transcript, please use the same information used when filing your 1040 return. **If you do not file taxes** because your taxable income is not enough to meet the minimum filing requirements, you must select the **request a Verification of Non-Filing option**. Your Tax Return Transcript will be sent to you directly. Please forward this information onto the TRI in order to complete your qualification. Eligibility cannot be determined without this information.

INCOME GUIDELINES

LMI (low-moderate income) limits for Barnstable County

Below are the total allowable LMI (low-moderate income) limits per size of household for qualifying for the TRI Housing Rehab Loan Program. LMI limits are set by HUD at 80% average median income for Barnstable County. Total income means income from all Adults 18 years old or over living in the household. Household size means *adults and children living in a household regardless of their relationship*.

Landlords or potential landlords who are above LMI Income are eligible to provide and receive matching funds up to \$50,000 per unit to rehab or create a unit for year-round rental to house LMI tenants per HUD guidelines.

HOUSING REHABILITATION ~ HERE'S HOW IT WORKS

HOW DOES THE HOUSING REHAB PROGRAM WORK?

The program is funded through a grant awarded to the lead grants Towns of Brewster and Truro. Up to \$50,000 can be spent on repairs to your home that include:

- lead paint abatement
- building and sanitary code violations
- windows, doors, roofs, furnaces
- foundation work
- replacement of failed septic systems
- handicap accessibility
- other critical repairs

Professional staff and experts in their field work with the homeowner through each step of the process, from application to bidding, construction oversight, and project completion.

IS THERE A LOT OF PAPERWORK?

Yes! The grant comes from federal funds so there is significant paperwork required. We are required to obtain documentation to determine an applicant's eligibility to receive funds like going to a bank for a mortgage or home equity loan. Your information is held in a highly secure platform that is HIPPA-certified and confidentiality is maintained throughout the process.

WHAT DOCUMENTATION IS REQUIRED?

Acceptance into the program is based on income eligibility. To prove that you are eligible, you will be asked to fully complete and sign the application forms, provide certified copies of your taxes, document income from **ALL** sources for **ALL** household members, and provide assorted paperwork related to your home. This includes bank statements from all accounts, homeowners' insurance documents, etc. We know that it takes time to gather this information, however, you will not be considered for acceptance until all the documentation is received. A **complete application holds your spot in line**. Staff will assist you as needed and can provide more detailed guidance for what items to submit.

Documenting Household Income for Tenants, Boarders and Houseguests

The Department of Housing & Urban Development (HUD) defines a household as “*All the people who occupy a housing unit. A household includes the related family members and all the unrelated people, if any, such as lodgers, foster children, wards, or employees who share the housing unit.*” Income documentation is required for **ALL** household members.

There are a few exceptions on counting household income:

- 1) Short-term rentals (3 months maximum) are allowable. If a room is rented for up to 3 months the owner can income qualify the household without the boarder, however, the rental agreement must be provided along with proof that the rent was declared in the homeowner's taxes. Signed notarized statements are also required from the tenant and the homeowner.
- 2) The earned income of minors who are “full-time students” (household members under age 18) is not counted up to an annual amount of \$480.
- 3) Income for full-time students who are 18 years of age or older and are members of the household but away at school is counted the same as “full-time students”.
- 4) Government payments for the exclusive purpose of caring for foster children or adults are not counted in the household income.

If you have questions regarding your household's eligibility, please contact the housing rehab program manager.

WHEN WILL I BE ACCEPTED INTO THE PROGRAM?

The program operates on a first come/first served basis. When you file a pre-application, you are placed on a waitlist based on the date it was received. When you are near the top of the waitlist, you will be sent a full application to complete.

Acceptance into the program is confirmed only once:

- **ALL** of your required documentation is received;
- Your household successfully income qualifies; **and**
- A site visit has been conducted.

This often includes professional lead paint testing. The initial site visit is completed by the Rehab Specialist, who is a licensed construction supervisor, and will spend time in each room of your home, including the basement, evaluating all systems and the building exterior. This site visit sets the priorities for the rehabilitation and provides the homeowner with the information needed to move forward.

ONCE MY APPLICATION IS ACCEPTED, WHAT HAPPENS NEXT?

- A lead paint inspection will be ordered if the home was built before 1978.

- The program Rehab Specialist will come to the home for an initial inspection and “Walk Thru”. They will document code violations and conditions of all systems and infrastructure.
- A prioritized “Work Write-Up” will be completed once the lead paint test results are received. This “write-up” outlines the repairs to be made to the house and will be sent to the homeowner for review and approval.
- After homeowner approval, the project will go out to bid (a request for pricing by contractors). Any licensed and insured general contractor can bid on the project. The Program Manager screens contractors to ensure their licenses are active and in good standing.
- A “Contractor Walk Thru” is conducted with all bidders. This allows them to understand the full scope of work to be conducted to prepare pricing.
- Bids received for the work are reviewed by program staff and sent to the homeowner.
- The contractor providing the lowest bid to complete the work will be hired **UNLESS** the homeowner chooses a different bidder. If the homeowner selects a different bidder, they are responsible for paying the difference between the low bid and their preferred contractor.
- A closing on the contract is scheduled between the homeowner and the General Contractor and a construction timeline is reviewed.
- The contractor obtains required permits and construction begins. The Rehab Specialist inspects work and “progress payments” are made to the contractor with the homeowner’s approval.
- Once the project is completed, a final inspection is conducted, and final payment is made by the program to the contractor.

WILL I HAVE TO LEAVE MY HOME WHILE WORK IS BEING DONE?

It is possible that you won’t be able to stay in your home during construction. Lead paint abatement, replacement of bathrooms and similar work may require that residents temporarily relocate for their health and safety. While it does not happen often, it IS a possibility. Program staff can assist you with this and, if necessary, the cost of temporary relocation can be included in your housing rehab loan in accordance with policy.

HOW LONG DOES THIS TAKE?

THIS PROGRAM TAKES TIME. Although the program does handle occasional emergency repairs, there is a process that must be followed to satisfy the funding source and to operate the program according to state and federal regulations. Our goal is to complete construction within four months of going out to bid for a contractor. Sometimes, depending on the complexity of your project, obtaining products and how busy the contractor is, it takes longer.

WHAT IS A DEFERRED PAYMENT FORGIVABLE LOAN? WILL I HAVE TO PAY IT BACK?

You will not make any payments on your loan unless you sell your house. Each year, your loan will be automatically “forgiven” by 1/15th. After 15 years, your loan balance is “\$0” without ever paying a penny!

Examples:

IF: You sell your home after five years, at the closing you’ll owe 2/3 of the original loan from the sale proceeds. **HOWEVER**, the housing rehab work has increased the value of your home, so this should not be a burden.

IF: You sell your home to an income-eligible person, the loan can transfer to the new homeowner.

IF: The homeowner passes away and leaves the home to a family member, the loan continues and is not paid back.

WHAT HAPPENS IF I WANT TO REFINANCE MY HOME?

If you wish to refinance your home at some point in the future, you should have your new finance company contact the Grant Administrator or the Town Planning Office. They will be asked to submit a “Subordination Form”, that will be signed by the Town and returned to them. You must leave enough equity in your home to cover all financing and the balance of your housing rehabilitation loan.

HOW TO FAST TRACK YOUR APP

- Call your local fire department for an assessment of your smoke and CO2s detectors.
- Are you on fuel assistance? Please call for an energy audit of your home as soon as you can. Not on fuel assistance – please contact your local council on aging or South Shore Community Action Council. Fuel assistance can unlock many additional benefits besides savings on your fuel costs; many of these benefits are free. We like to work with other agencies to help homeowner leverage funds to address as many repairs as possible at the lowest (or zero) cost.
- Make sure you complete all the sections of your application.
- Your jumpstart on these items can save you a lot of time and money!

Please initial on all lines

I/We, the applicant(s), understand the information provided on this application will be utilized by the TRI Housing Rehabilitation Loan Program to determine income eligibility for a housing rehabilitation.

I/We understand that loan funds are limited and will be distributed to those projects that reflect the grant guidelines and goals.

I/We understand that additional information including, but not limited to, verification of employment, income, tax statements and credit information are required by Federal and State regulations and I/We will provide such information required.

In reference to multi-family dwelling units, I/We understand that rental units rehabilitated under this program must be rented to income-eligible tenants for a period of fifteen (15) years at rental rates determined in accordance with the lower of HUD Fair Market Rent Guidelines or High Home Rent guidelines.

If the property is transferred (whether by gift, law, sale or any other type or transfer), or if I/ We fail to abide by the Program Agreement, the full amount of the loan will become due and payable immediately. Property that is inherited by a direct heir is not subject to this clause.

The following MUST accompany your signed and dated application:

- 8 current consecutive weeks of pay stubs, from all household members
- A copy of homeowner's insurance policy
- Copy of current property deed
- Signed copy of your most recent two years Federal tax returns (1040 Form submitted to the IRS)
- Copy of your most recent paid property tax invoice
- A copy of the first page of any outstanding mortgage or home equity loan
- Bank statements for the past two consecutive months for all checking & savings accounts and Financial Statements
- IRS Verification for the two most recent years can be obtained by requesting your tax transcripts (instructions attached)

The applicant certifies that all information furnished in support of this application given for the purpose of obtaining financial assistance under the TRI Housing Rehabilitation Loan Program is true and complete to the best of the applicant's knowledge and belief. Verification may be obtained from any sources identified herein. Willful misrepresentation of the information provided herein may be grounds for the denial of participation in the TRI Housing Rehabilitation Loan Program. If a Deferred Payment Loan has already been awarded and a misstatement is discovered, the amount of the Deferred Payment Loan shall be due and payable immediately to Town.

Furthermore, the applicant understands that by applying for a Deferred Payment Loan under the TRI Housing Rehabilitation Loan Program, that he or she is agreeing to have the property inspected by a representative of the TRI Housing Rehabilitation Loan Program including a Lead Paint test and may be required to carry out and pay for lead testing and removal, if required. He or she also understands that such inspection may disclose code violations, requirements for lead paint (inspection and/or removal) and /or other requirements, which may result in additional costs or expenses beyond those that may be included in the TRI Housing Rehabilitation Loan Program.

CDBG REGIONAL HOUSING REHAB PROGRAM

CDBG FUNDED PROJECTS, REIMBURSABLE COSTS & WHO IS RESPONSIBLE

I/We certify and acknowledge this program, **funded by the Community Block Grant under the Department of Housing and Urban Development and overseen by the MA Executive Office of Housing & Livable Communities**, is benefiting low to moderate income persons, based on their household income. Further, that the purpose of this program is to improve the aging housing stock in our area, to address the lack of affordable housing for year-round residents in our communities and to strengthen and preserve safe housing for our local families.

I/We acknowledge that the terms of the **CDBG Housing Rehab Program**, will require me/us to sign a Mortgage, a Promissory Note, and a Deferred Forgivable Loan Agreement which have been explained to us and a copy of the documents are available for me/us review at any time.

I/We acknowledge and understand our participation in the Housing Rehab Program is first and foremost because we are a part of a greater community, that there is always a higher demand than there are funds to meet the growing need for home repairs; that funding for all projects draw from a single allocation to the CDBG Housing Rehab Program, and that only necessary repairs will be made and that special attention be paid to incurring costs only essential to the completion of the project according to the federal, state, and local regulations customary in the residential construction industry.

I/We acknowledge that the funds will be distributed by TRI to a pre-qualified general contractor through a bidding process for the purposes set forth in a scope of work (the Work Write Up/WWU) as prepared by the licensed Housing Rehab Specialist and will be used for only those purposes laid out in the WWU. Further, that I/we will ask questions concerning the program, the process and that I/we will agree and accept the results of a Final WWU and that all specified work will be done according to the federal, state, and local regulations customary in the residential construction industry.

I/We acknowledge that there are costs incurred leading up to and subsequent to the loan closing that are considered essential and/or required by law that TRI will pay; that ***those costs will be wrapped into the loan amount and identified as "Reimbursable Costs"***. I/We acknowledge these costs are covered by TRI to relieve the recipient of undo financial burden and to move the process/project along in a smooth, efficient, and timely manner ***but are 100% the responsibility of the recipient*** and are expected to be reimbursed with signing of the mortgage documents. Upon receipt of the mortgage documents, MA EOHLIC will then release the project funds to TRI for the disbursement of payment for services rendered in relation to the project. Such reimbursable costs will/may include but are not limited to:

- a. Credit report
- b. Mortgage Recording fees at the Registry of Deeds
- c. Lead Inspection – lead paint hazards
- d. Engineering services – septic design, approvals, and inspections
- e. Water test
- f. Housing Rehab Specialist fees (while not part of the mortgage this is part of the overall grant allocation)

CDBG REGIONAL HOUSING REHAB PROGRAM

I/We certify that I/we have been explained the program and process to my/our satisfaction and that should I/we renege on the terms of this agreement and fail to move forward with the project after incurring the reimbursable costs to TRI, that I/we will be responsible for those costs. TRI will present to me/us a detailed invoice of those costs and provide copies of the services paid; in turn I/we remit a check payable to TRI for that amount. In the event the reimbursable costs are considerable and payment to TRI has not been received, TRI reserves the right to place a lien on your property for that amount.

I/we agree to all of the above terms and certify that all of the information is correct.

CDBG HOUSING REHAB PROGRAM

Required, eligible and ineligible Housing Rehab repairs

This is a moderate housing rehabilitation program. The definition of moderate rehab per HUD is as follows:

Upgrade to a decent, safe, and sanitary condition to comply with the Housing Quality Standards or other standards approved by HUD, from a condition below these standards. Improvements are of modest nature and other than routine maintenance. For our purposes, moderate rehab is limited to \$45,000.00. An extra \$5,000.00 is available to replace a failed septic system, remove lead paint hazards or energy efficiency upgrades for a total of \$50,000.00.

In order of priority:

1. Address all code violations including lead paint hazards.
2. Repair exterior items: this includes roofs, gutters, exterior doors, and walkways.
3. Upgrade to energy efficiency. This includes heating systems (and in some instances, cooling systems).
4. Interior improvements necessary to improve general living conditions for health and safety reasons. Repairs include but are not limited to replacement of damaged or rotted existing hardwood flooring, replacement of vinyl or tile flooring as necessary, replacement of deteriorated countertops, repair of faulty electrical wiring. All interior items will be budgeted at mid-grade quality.

Critical Repairs include but not limited to the following:

1. Minimum Housing Quality Standards
2. Hazardous materials abatement as mandated by the current federal and state regulations.
3. Install/or replace smoke detectors.
4. Energy efficiency upgrades, i.e., heating systems, windows, doors.
5. Structural deficiencies; siding, safe egresses
6. Roof deficiencies
7. Heating deficiencies
8. Plumbing deficiencies
9. Electrical deficiencies
10. Insulation

Ineligible items – include but not limited to the following:

1. Reimbursement for materials or owner's labor.
2. Reimbursement for any work done outside the program.
3. Room additions, extensions, cosmetic or structural alterations (unless necessary to correct code violations).
4. Purchase, installation, or repair of furnishings.

5. Demolition that does not improve existing structure or that removes architectural features that are an essential part of the building's character.
6. Free-standing masonry, walls, and fences.
7. Painting exterior or interior unless it was disturbed during the course of a critical repair or a replacement of deteriorated material that requires prime, and 2 coats of paint. Example rotted trim replaced needs paint.
8. Interior wood paneling
9. Bookcases, shelving, or cabinets unless necessary to comply with housing standard.
10. Aluminum or vinyl siding unless existing and in repair or replacement/spot replacement.
11. Barbecue pits, or outdoor/indoor fireplaces.
12. Bath houses, swimming pools, saunas, hot tubs.
13. Burglar alarms.
14. Flower boxes, greenhouses, greenhouse windows, windows, or doors in non-heated spaces.
15. TV antennas and cable TV.
16. Parking lots, driveways, patios
17. Valances, cornice boards and drapes.
18. Water proofing
19. Garages, car ports, sheds.
20. Sprayed on textured ceilings unless already existing and in need of repair to meet minimum quality standard.
21. Materials, fixtures, or equipment of a quality or grade exceeding that customarily used on properties of the same general type as the property to be rehabilitated.
